

- **Age:** Five years, six months
- **Location:** Gold Coast
- **Hearing loss:** Moderately severe hearing loss in left ear; profound hearing loss in right ear
- **Hearing technology used:** Two cochlear implants
- **Support from Hear and Say:** Indii has been enrolled in Hear and Say's Early Intervention program since 2014. She currently attends fortnightly Listening and Spoken Language (LSL) Therapy lessons at the Gold Coast Centre with her LSL Specialist, Bonnie. Indii recently commenced Prep at her local primary school, and is flourishing in her new classroom. **Indii's progress/goals:** Indii has had a wonderful start to her formal education years. She loves Prep and has readily made new friends in her class. Indii also accesses physiotherapy and occupational therapy to support the development of her gross and fine motor skills and coordination. Together with her family and LSL Specialist, Bonnie, Indii is working hard in her LSL Therapy sessions on a number of goals, including:
 - Developing **self-advocacy** skills: For example, telling her teacher when she has not heard an instruction, requires assistance or if her hearing technology is not working as it should.
 - Continuing to develop range of **vocabulary** used.
